

Certificate

Herewith, we confirm that the company

Heinrich Thylmann

GmbH & Co. KG

has committed itself

to analyzing grain and grain products for contaminants, pesticides and microbiological parameters on a regular basis and to complying with the highest hygiene standards.

In doing so, the company meets the requirements for participation in the

European Grain Monitoring EGM
in the cereals marketing year 2017/2018

The EGM is sponsored by the milling and grain trading associations of Germany, Austria and Switzerland and is carried out by biotask AG, Esslingen.

Esslingen, 1 August 2017
biotask AG, Schelztorstraße 54, 73728 Esslingen am Neckar

Board of Directors
